PART 1 - OFFER

Date of Offer: September 25, 1981
Fulton County-Brown Field Airport
Atlanta, Georgia
Project No. 5-13-0007-06
Contract No. DTFA06-81-A-80084

To: Fulton County, Georgia (herein referred to as the "Sponsor")

From: The United States of America (acting through the Federal Aviation Administration, herein referred to as the "FAA")

WHEREAS, the Sponsor has submitted to the FAA a Project Application (herein called an Application for Federal Assistance) dated September 11, 1981, for a grant of Federal funds for a project for development of the Fulton County-Brown Field Airport (herein called the "Airport"), together with plans and specifications for such project, which Application for Federal Assistance, as approved by the FAA is hereby incorporated herein and made a part hereof; and

WHEREAS, the FAA has approved a project for development of the Airport (herein called the "Project") consisting of the following-described airport development:

Overlay and mark Runway 8R-26L; overlay parallel and connecting taxiway to Runway 8R-26L and connecting taxiway to Runway 14-32; Groove Runway 8R-

26L all as more particularly described in the property map and plans and specficiations incorporated in the said Application for Federal Assistance.

NOW THEREFORE, pursuant to and for the purpose of carrying out the provisions of the Airport and Airway Development Act of 1970, as amended (49 U.S.C. 1701 et seq.), and in consideration of (a) the Sponsor's adoption and ratification of the representations and assurances contained in said Application for Federal Assistance, and its acceptance of this Offer as hereinafter provided, and (b) the benefits to accrue to the United States and the public from the accomplishment of the Project and the operation and maintenance of the Airport as herein provided, THE FEDERAL AVIATION ADMINISTRATION, FOR AND ON BEHALF OF THE UNITED STATES, HEREBY OFFERS AND AGREES to pay, as the United States share of the allowable costs incurred in accomplishing the Project, ninety (90%) from funds appropriated under the Airport and Airway Development Act of 1970, as amended.

This Offer is made on and subject to the following terms and conditions:

1. The maximum obligation of the United States payable under this Offer shall be $1,197,014.

2. The Sponsor shall:

   a. begin accomplishment of the Project within sixty (60) days after acceptance of this Offer or such longer time as may be prescribed by the FAA, with failure to do so constituting just cause for termination of the obligations of the United States hereunder by the FAA;

b. carry out and complete the Project without undue delay and in accordance with the terms hereof, the Airport and Airway Development Act of 1970, as amended, and the Regulations of the FAA (14 CFR Part 152) in effect as of the date of acceptance of this Offer; which Regulations are hereinafter referred to as the "Regulations";

c. carry out and complete the Project in accordance with the plans and specifications and property map, incorporated herein, as they may be revised or modified with the approval of the FAA;

d. submit all financial reports on an accrual basis and if records are not maintained on an accrual basis, reports may be based on analysis or records or best estimates as required by the Regulations;

e. monitor performance under the Project to assure that time schedules are being met, projected work units by time period are being accomplished, and that other performance goals are being acheived as established by the Regulations.

3. The allowable costs of the project shall not include any costs determined by the FAA to be ineligible for consideration as to allowability under the Regulations.

4. Payment of the United States share of the allowable project costs will be made pursuant to and in accordance with the provisions of the Regulations. Final determination of the United States share will be based upon the final audit of the total amount of

allowable project costs and settlement will be made for any upward or downward adjustments to the Federal share of costs. The grant closeout requirements will be in accordance with the Regulations.

5. The sponsor shall operate and maintain in the airport as provided in the Application for Federal Assistance incorporated herein and specifically covenants and agrees in accordance with its Assurance 20 in Part V of said Application for Federal Assistance, and Section 30 of the Airport and Airway Development Act, as amended, that in its operation and the operation of all facilities thereof, neither it nor any person or organization occupying space or facilities thereon will discriminate against any person by reason of race, color, creed, national origin or sex in the use of the facilities provided for the public on the airport.

6. The FAA reserves the right to amend or withdraw this offer at any time prior to its acceptance by the sponsor.

7. This offer shall expire and the United States shall not be obligated to pay any part of the costs of the project unless this offer has been accepted by the sponsor on or before September 30, 1981 or such subsequent date as may be prescribed in writing by the FAA.

8. The Federal Government does not now plan or contemplate the construction of any structures pursuant to paragraph 27 of Part V, Assurances, of the application dated September 11, 1981 and therefore it is understood and agreed that the

sponsor is under no obligation to furnish any new areas or new rights without cost to the Federal Government under this grant agreement. However, it is agreed and understood that the rights of the United States to cost free areas obtained under unexpired grant agreements with the sponsor are extended for twenty years from the date of this grant agreement. Furthermore, the responsibility for paying the cost of relocating any facilities located in such cost free areas shall be made in accordance with Advisory Circular 150/5300-7B, FAA Policy of Facility Relocations Occasioned by Airport Improvements or Changes.

9. The sponsor will submit for FAA approval a Minority Business Enterprise Program as required by 49 CFR Part 23 section 23.41 (a) no later than 90 days after the date of this agreement rather than prior to the grant as specified in 23.41 (b). All other requirements in Part 23 become effective as applicable upon execution of this grant.

10. It is understood and agreed that the sponsor will not advertise for bids or start construction work until approval of the final plans and specifications by the FAA. A deadline date of December 31, 1981 is hereby established for the submission of final plans and specifications by the sponsor.

11. It is mutually agreed that payments due from the United States under the terms of this grant agreement will be limited to not more than fifty percent (50%) of the maximum obligation cited on page 2 of this document until the sponsor has cleared and protected the approach zones, transitional zones

and primary surface of Runway 26L in accordance with the provisions of paragraph 23, page 8, sponsors assurances of the application for federal assistance dated September 11, 1981, which has been made a part of this grant agreement. For the purpose of this special condition the approach zones begin 200′ from the runway ends with a width of 1000 and extend outward and upward at a slope of 20:1 for Runways 26L expanding to a width of 1100 at a distance of 1000′. The primary surface is a surface longitudinally centered on the runway and extending 200′ beyond each end of the runway and is 1000′ in width. The transitional surfaces extend outward and upward at right angles to the runway centerline at a slope of 7:1 from the edges of the primary and approach surfaces until they intersect the horizontal or conical surface.

12. It is understood and agreed that if, during the life of the project, FAA determines that the grant amount exceeds the expected needs of the sponsor by $5,000 or five percent (5%) of the grant amount, whichever is greater, the grant amount can be reduced by letter from FAA to the sponsor advising of the budget change. Upon issuance of the letter, the maximum obligation of the United States under the grant is reduced to the specified amount.

The Sponsor's acceptance of this Offer and ratification and adoption of the Application for Federal Assistance incorporated herein shall be evidenced by execution of this instrument by the Sponsor, as hereinafter provided, and said Offer and Acceptance shall comprise a Grant Agreement, as provided by the Airport and Airway Development Act of 1970, as amended, constituting the

obligations and rights of the United States and the Sponsor with respect to the accomplishment of the Project and the operation and maintenance of the Airport. Such Grant Agreement shall become effective upon the Sponsor's acceptance of this Offer and shall remain in full force and effect throughout the useful life of the facilities developed under the Project but in any event not to exceed twenty years from the date of said acceptance.

SECTION E - REMARKS

PART IV PROGRAM NARRATIVE (Attach - See Instructions)

PART IV - PROGRAM NARRATIVE STATEMENT

NEED: The pavement that is to be overlaid has been in place for over eleven (11) years and has deteriorated in some areas almost to the point of total failure. If this airport is to continue to adequately serve the General Aviation traffic of approximately 250,000 operations per year the areas covered in this application must be repaved.

OBJECTIVE: To repair the areas where base failure has occurred, and repave Runway 8R-26L; the taxiway parallel to the above runway and the stub taxiways; also, a portion of Runway 14-32 in order to insure a smooth transition with the new grade of Runway 8R-26L.

METHOD OF ACCOMPLISHMENT:

Remove those areas of base that shows signs of failure and rebuild; fill cracks in existing paving with a leveling course; repave with a four (4) inch course of asphaltic concrete. After the new pavement is in place the surface of 8R-26L shall be grooved to facilitate the runoff of surface water; the final operation under this application shall be the painting of runways and taxiways.

LOCATION OF PROJECT:

Fulton County Airport — Brown Field is located at Lat: 33° -46'-47"; Long: 84° -31'-20" in Fulton County, State of Georgia.

BENEFITS: The benefits that would accrue from this project would be to preserve the landing

areas that are vitally needed in the Atlanta area for general aviation aircraft and would also allow this airport to better fulfill its role as a reliever airport in the NASP. It will also increase the range of aircraft that might utilize this field by increasing the strength of the pavement. Finally it will improve the safety of the operating aircraft by removing and replacing those areas that are in danger of total failure in the existing pavement.

The contractor shall not participate either directly or indirectly in the discrimination prohibited by Section 21.5 of the Regulations, including employment practices when the contract covers a program set forth in Appendix B of the Regulations.

3. *Solicitations for Subcontracts, Including Procurements of Materials and Equipment.* In all solicitations either by competitive bidding or negotiation made by the contractor for work to be performed under a subcontract, including procurements of materials or leases of equipment, each potential subcontractor or supplier shall be notified by the contractor of the contractor's obligations under this contract and the

Regulations relative to nondiscrimination on the grounds of race, color, or national origin.

4. *Information and Reports.* The contractor shall provide all information and reports required by the Regulations or directives issued pursuant thereto, and shall permit access to its books, records, accounts, other sources of information, and its facilities as may be determined by the sponsor or the Federal Aviation Administration to be pertinent to ascertain compliance with such Regulations, orders, and instructions. Where any information required of a contractor is in the exclusive possession of another who fails or refuses to furnish this information the contractor shall so certify to the sponsor or the Federal Aviation Administration as appropriate, and shall set forth what efforts it has made to obtain the information.

5. *Sanctions for Noncompliance.* In the event of the contractor's noncompliance with the nondiscrimination provisions of this contract, the sponsor shall impose such contract sanctions as it or the Federal Aviation Administration may determine to be appropriate, including, but not limited to —

a. withholding of payments to the contractor under the contract until the contractor complies, and/or

b. cancellation, termination, or suspension of the contract, in whole or in part.

6. *Incorporation of Provisions.* The contractor shall include the provisions of paragraphs 1 through 5 in every subcontract, including procurements of materials and leases of equipment, unless exempt by the Regulations or directives issued pursuant thereto. The contractor shall

take such action with respect to any subcontract or procurement as the sponsor or the Federal Aviation Administration may direct as a means of enforcing such provisions including sanctions for noncompliance: Provided, however, that, in the event a contractor becomes involved in, or is threatened with, litigation with a subcontractor or supplier as a result of such direction, the contractor may request the sponsor to enter into such litigation to protect the interests of the sponsor and, in addition, the contractor may request the United States to enter into such litigation to protect the interests of the United States.

PART V - ASSURANCES

The applicant hereby assures and certifies that it will comply with the regulations, policies, guidelines, and requirements including Office of Management and Budget Circulars No. A-95 (41 FR 2052), A-102 (42 FR 45828), and FMC 74-4 (39 FR 27133; as amended by 43 FR 50977), as they relate to the application, acceptance, and use of Federal funds for this Federally assisted project. Also, the applicant gives the assurance and certifies with respect to the grant that:

1. *Authority of applicant.* It possesses legal authority to apply for the grant, and to finance and construct the proposed facilities; that a resolution, motion, or

similar action has been duly adopted or passed as an official act of the applicant's governing body, authorizing the filing of the application, including all understandings and assurances contained therein, and directing and authorizing the person identified as the official representative of the applicant to act in connection with the application and to provide such additional information as may be required.

2. *E.O. 11926 and E.O. 11288.* It will comply with the provisions of: Executive Order 11296, relating to evaluation of flood hazards, and Executive Order 11288, relating to the prevention, control, and abatement of water pollution.

4. *Construction.* It will obtain approval by the appropriate Federal agency of the final working drawings and specifications before the project is advertised or placed on the market for bidding; that it will construct the project, or cause it to be constructed, to final completion in accordance with the application and approved plans and specifications; that it will submit to the appropriate Federal agency for prior approval changes that alter the costs of the project, use of space, or functional layout; that it will not enter into a construction contract(s) for the project or undertake other

activities until the conditions of the construction grant program(s) have been met.

5. *Supervision, inspection, and reporting.* It will provide and maintain competent and adequate architectural engineering supervision and inspection at the construction site to insure that the completed work conforms with the approved plans and specifications; that it will furnish progress reports and such other information as the Federal grantor agency may require.

The sponsor further assures that its programs

will be conducted and its facilities operated, in compliance with the requirements imposed by or pursuant to 49 CFR Part 27.

9. *Commencement and completion.* It will cause work on the project to be commenced within a reasonable time after receipt of notification from the approving Federal agency that funds have been approved and that the project will be prosecuted to completion with reasonable diligence.

10. *Disposition of interest.* It will not dispose of or encumber its title or other interests in the site and facilities during the period of Federal interest or while the Government holds bonds, whichever is the longer.

11. *Civil Rights.* It will comply with Title VI of the Civil Rights Act of 1964 (P.L. 88-352) and in accordance with Title VI of that Act, no person in the United States shall, on the ground of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity for which the applicant receives Federal financial assistance and will immediately take any measures necessary to effectuate this agreement. If any real property or structure thereon is provided or improved with the aid of Federal financial assistance extended to the Applicant, this assurance shall obligate the Applicant, or in the case of any transfer of such property, any transferee, for the period during which the real property or structure is used for a purpose for which the Federal financial assistance is extended or for another purpose

involving the provision of similar services or benefits.

12. *Private gain.* It will establish safeguards to prohibit employees from using their positions for a purpose that is or gives the appearance of being motivated by a desire for private gain for themselves or others, particularly those with whom they have family, business, or other ties.

14. *OMB Circular A-102.* It will comply with all requirements imposed by the Federal grantor agency concerning special requirements of law, program requirements, and other administrative requirements approved in accordance with Office of Management and Budget Circular No. A-102.

15. *Hatch Act.* It will comply with the provisions of the Hatch Act which limit the political activity of employees.

16. *Federal Fair Labor Standards Act.* It will comply with the minimum wage and maximum hours provisions of the Federal Fair Labor Standards Act, as they apply to hospital and educational institution employees of State and local governments.

17. *Effective date and duration.* These covenants shall become effective upon acceptance by the Sponsor of

an offer of Federal aid for the Project or any portion thereof, made by the FAA and shall constitute a part of the Grant Agreement thus formed. These covenants shall remain in full force and effect throughout the useful life of the facilities developed under this Project, but in any event not to exceed twenty (20) years from the date of said acceptance of an offer of Federal aid for the Project. However, these limitations on the duration of the covenants do not apply to the covenant against exclusive rights and real property acquired with Federal funds. Any breach of these covenants on the part of the sponsor may result in the suspension or termination of, or refusal to grant Federal assistance under, FAA administered programs, or such other action which may be necessary to enforce the rights of the United States under this agreement.

18. *Conditions and limitations on airport use.* It will operate the Airport as such for the use and benefit of the public. In furtherance of this covenant (but without limiting its general applicability and effect), the Sponsor specifically agrees that it will keep the Airport open to all types, kinds, and classes of aeronautical use on fair and reasonable terms without discrimination between such types, kinds, and classes. Provided, that the Sponsor may establish such fair, equal, and not unjustly discriminatory conditions to be met by all users of the airport as may be necessary for the safe and efficient operation of the Airport; And Provided Further, That the Sponsor may prohibit or limit any given type, kind, or class of aeronautical use of the Airport if such action is

necessary for the safe operation of the Airport or necessary to serve the civil aviation needs of the public.

19. *Exclusive right.* It

a. Will not grant or permit any exclusive right forbidden by Section 308(a) of the Federal Aviation Airport Act of 1958 (49 U.S.C. Section 1349(a)) at the Airport, or at any other airport now owned or controlled by it;

b. Agrees that, in furtherance of the policy of the FAA under this covenant, unless authorized by the Administrator, it will not, either directly or indirectly, grant or permit any person, firm or corporation the exclusive right at the Airport, or at any other airport now owned or controlled by it, to conduct any aeronautical activities, including, but not limited to charter flights, pilot training, aircraft rental and sightseeing, aerial photography, crop dusting, aerial advertising and surveying, air carrier operations, aircraft sales and services, sale of aviation petroleum products whether or not conducted in conjunction with other aeronautical activity, repair and maintenance of aircraft, sale of aircraft parts, and any other activities which because of their direct relationship to the operation of aircraft can be regarded as an aeronautical activity.

c. Agrees that it will terminate any existing exclusive right to engage in the sale of gasoline or oil, or both, granted before July 17, 1962, at

such an airport, at the earliest renewal, cancellation, or expiration date applicable to the agreement that established the exclusive right; and

d. Agrees that it will terminate any other exclusive right to conduct an aeronautical activity now existing at such an airport before the grant of any assistance under the Airport and Airway Development Act.

20. *Public use and benefit.* It agrees that it will operate the Airport for the use and benefit of the public, on fair and reasonable terms, and without unjust discrimination. In furtherance of the covenant (but without limiting its general applicability and effect), the Sponsor specifically covenants and agrees;

a. That in its operation and the operation of all facilities on the Airport, neither it nor any person or organization occupying space or facilities thereon will discriminate against any person or class of persons by reason of race, color, creed, or national origin in the use of any of the facilities provided for the public on the Airport.

b. That in any agreement, contract, lease or other arrangement under which a right or privilege at the Airport is granted to any person, firm, or corporation to conduct or engage in any aeronautical activity for furnishing services to the public at the Airport, the Sponsor will insert and enforce provisions requiring the contractor—

(1) to furnish said services on a fair, equal, and not unjustly discriminatory basis to all users thereof, and

(2) to charge fair, reasonable, and not unjustly discriminatory prices for each unit or service; provided, that the contractor may be allowed to make reasonable and nondiscriminatory discounts, rebates, or other similar types of price reductions to volume purchasers.

c. That it will not exercise or grant any right or privilege which operates to prevent any person, firm, or corporation operating aircraft on the airport from performing any services on its own aircraft with its own employees (including, but not limited to maintenance and repair) that it may choose to perform.

d. In the event the sponsor itself exercises any of the rights and privileges referred to in subsection b, the services involved will be provided on the same conditions as would apply to the furnishing of such services by contractors or concessionaires of the sponsor under the provisions of such subsection b.

21. *Nonaviation activities.* Nothing contained herein shall be construed to prohibit the granting or exercise of an exclusive right for the furnishing of nonaviation products and supplies or any service of a nonaeronautical nature or to obligate the sponsor to furnish any particular nonaeronautical service at the airport.

22. *Operation and maintenance of the airport.* It will operate and maintain in a safe and serviceable condition the airport and all facilities thereon and connected therewith which are necessary to serve the aeronautical users of the airport other than facilities owned or controlled by the United States, and will not permit any activity thereon which would interfere with its use for airport purposes; provided, that nothing contained herein shall be construed to require that the airport be operated for aeronautical uses during temporary periods when snow, flood, or other climatic conditions interfere with such operation and maintenance; repair, restoration, or replacement of any structure or facility which is substantially damaged or destroyed due to an act of God or other condition or circumstance beyond the control of the sponsor. In furtherance of this covenant, the sponsor will have in effect at all times arrangements for —

a. Operating the airport's aeronautical facilities whenever required;

b. Promptly marking and lighting hazards resulting from airport conditions, including temporary conditions; and

c. Promptly notifying airmen of any condition affecting aeronautical use of the airport.

23. *Airport hazards.* Insofar as it is within its power and reasonable, the sponsor will, either by the acquisition and retention of easements or other interests in or rights for the use of land or airspace or by the adoption and enforcement of zoning regulations,

prevent the construction, erection, alteration, or growth of any structure, tree, or other object in the approach areas of the runways of the airport, which would constitute an airport hazard. In addition, the sponsor will not erect or permit the erection of any permanent structure or facility which would interfere materially with the use, operation, or future development of the airport, in any portion of a runway approach area in which the sponsor has acquired, or hereafter acquires, property interests permitting it to so control the use made of the surface of the land.

24. *Use of adjacent land.* Insofar as it is within its power and reasonable, the Sponsor will, either by the acquisition and retention of easements or other interest in or rights for the use of land or airspace or by the adoption and enforcement of zoning regulations, take action to restrict the use of land adjacent to or in the immediate vicinity of the airport to activities and purposes compatible with normal airport operations including landing and takeoff of aircraft.

25. *Airport layout plan.* It will keep up to date at all times an airport layout plan of the airport showing (1) boundaries of the airport and all proposed additions thereto, together with the boundaries of all offsite areas owned or controlled by the sponsor for airport purposes, and proposed additions thereto; (2) the location and nature of all existing and proposed airport facilities and structures (such as runways, taxiways, aprons, terminal buildings, hangars and roads), including all proposed extensions and

reductions of existing airport facilities; and (3) the location of all existing and proposed nonaviation areas and of all existing improvements thereon. Such airport layout plan and each amendment, revision, or modification thereof, shall be subject to the approval of the FAA, which approval shall be evidenced by the signature of a duly authorized representative of the FAA on the face of the airport layout plan. The sponsor will not make or permit any changes or alterations in the airport or in any of its facilities other than in conformity with the airport layout plan as so approved by the FAA, if such changes or alterations might adversely affect the safety, utility, or efficiency of the airport.

26. *Federal use of facilities.* All facilities of the airport developed with Federal aid and all those usable for the landing and taking off of aircraft, will be available to the United States at all times, without charge, for use by government aircraft in common with other aircraft, except that if the use by government aircraft is substantial, a reasonable share, proportional to such use, of the cost of operating and maintaining facilities so used, may be charged. Unless otherwise determined by the FAA, or otherwise agreed to by the sponsor and the using agency, substantial use of an airport by government aircraft will be considered to exist when operations of such aircraft are in excess of those which, in the opinion of the FAA, would unduly interfere with use of the landing area by other authorized aircraft, or during any calendar month that —

a. Five (5) or more government aircraft are regularly based at the airport or on land adjacent thereto; or

b. The total number of movements (counting each landing as a movement and each takeoff as a movement) of government aircraft is 300 or more, or the gross accumulative weight of government aircraft using the airport (the total movements of government aircraft multiplied by gross weights of such aircraft) is in excess of five million pounds.

27. *Areas for FAA use.* Whenever so requested by the FAA, the sponsor will furnish without cost to the Federal Government, for construction, operation, and maintenance of facilities for air traffic control activities, or weather reporting activities and communication activities related to air traffic control, such areas of land or water, or estate therein, or rights in buildings of the sponsor as the FAA may consider necessary or desirable for construction at Federal expense of space or facilities for such purposes. The approximate amounts of areas and the nature of the property interests and/or rights so required will be set forth in the grant agreement relating to the project. Such areas or any portion thereof will be made available as provided herein within four months after receipt of written requests from the FAA.

28. *Fee and rental structure.* The airport operator or owner will maintain a fee and rental structure for the facilities and services being provided the airport users which will make the airport as self-sustaining

as possible under the circumstances existing at the airport, taking into account such factors as the volume of traffic and economy of collection.

29. *Reports to FAA.* It will furnish the FAA with such annual or special airport financial and operational reports as may be reasonably requested. Such reports may be submitted on forms furnished by the FAA, or may be submitted in such manner as the sponsor elects so long as the essential data are furnished. The airport and all airport records and documents affecting the airport, including deeds, leases, operations and use agreements, regulations, and other instruments, will be made available for inspection and audit by the Secretary and the Comptroller General of the United States, or their duly authorized representatives, upon reasonable request. The sponsor will furnish to the FAA or to the General Accounting Office, upon request, a true copy of any such document.

30. *System of Accounting.* All project accounts and records will be kept in accordance with a standard system of accounting if so prescribed by the Secretary.

31. *Interfering right.* If, at any time, it is determined by the FAA that there is any outstanding right or claim of right in or to the airport property, other than those set forth in Part II of the Application for Federal Assistance, the existence of which creates an undue risk of interference with the operation of the airport or the performance of the covenants of this Part, the sponsor will acquire, extinguish, or modify such right or claim or right in a manner acceptable to the FAA.

32. *Performance obligation.* It will not enter into any transaction which would operate to deprive it of any of the rights and powers necessary to perform any or all of the covenants made herein, unless by such transaction the obligation to perform all such covenants is assumed by another public agency found by the FAA to be eligible under the Act and regulations to assume such obligations and having the power, authority, and financial resources to carry out all such obligations. If an arrangement is made for management or operation of the airport by any agency or person other than the sponsor or an employee of the sponsor, the sponsor will reserve sufficient rights and authority to insure that the airport will be operated and maintained in accordance with the Act, the regulations and these covenants.

33. *Meaning of terms.* Unless the context otherwise requires, all terms used in these covenants which are defined in the Act and the regulations shall have the meanings assigned to them therein.

34. *Audit.* It will provide for audit of this grant project to be made in accordance with Attachment P of Office of Management and Budget Circular A-102.

35. *Section 30.*

    a. It will undertake an affirmative action program, as required by 14 CFR Part 152, Subpart E, to ensure that no person shall, on the grounds of race, creed, color, national origin, or sex, be excluded from participating in any employment, contracting, or leasing activities covered in 14

CFR Part 152, Subpart E. The sponsor assures that no person shall be excluded, on these grounds, from participating in or receiving the services or benefits of any program or activity covered by this subpart. The sponsor assures that it will require that its covered organizations provide assurance to the sponsor that they similarly will undertake affirmative action programs and that they will require assurances from their suborganizations, as required by 14 CFR Part 152, Subpart E, to the same effect.

b. It agrees to comply with any affirmative action plan or steps for equal employment opportunity required by 14 CFR Part 152, Subpart E, as part of the affirmative action program or by any Federal, State, or local agency or court, including those resulting from a conciliation agreement, a consent decree, court order, or similar mechanism. The sponsor agrees that State or local affirmative action plan will be used in lieu of any affirmative action plan or steps required by 14 CFR Part 152, Subpart E, only when they fully meet the standards set forth in 14 CFR 152.409. The sponsor agrees to obtain a similar assurance from its covered organizations, and to cause them to require a similar assurance of their covered suborganizations, as required by 14 CFR Part 152, Subpart E.

36. *Minority Business Enterprise (MBE).*

a. It is the policy of the Department of Transportation that minority business enterprises as defined in 49 CFR Part 23 shall

have the maximum opportunity to participate in the performance of contracts financed in whole or in part with Federal funds under this agreement. Consequently, the MBE requirements of 49 CFR Part 23 apply to this agreement.

b. The sponsor or its contractor agrees to ensure that minority business enterprises, as defined in 49 CFR Part 23, have the maximum opportunity to participate in the performance of contracts and subcontracts financed in whole or in part with Federal funds provided under this agreement. In this regard, the sponsor or its contractors shall take all necessary and reasonable steps in accordance with 49 CFR Part 23 to ensure that minority business enterprises have the maximum opportunity to compete for and perform contracts. The sponsor and its contractors shall not discriminate on the basis of race, color, national origin, or sex in the award and performance of DOT-assisted contracts.

c. If, as a condition of assistance, the sponsor has submitted and the Department has approved a minority business enterprise affirmative action program which the sponsor agrees to carry out, this program is incorporated in this financial assistance agreement by reference. This program shall be treated as a legal obligation and failure to carry out its terms shall be treated as a violation of this financial assistance agreement. Upon notification to the sponsor of its failure to carry out the approved program, the Department shall impose such sanctions as noted in 49

CFR Part 23, Subpart E, which sanctions may include termination of the agreement or other measures which may affect the ability of the sponsor to obtain future DOT financial assistance.

d. The sponsor agrees to advise such subrecipient, contractor, or subcontractor that failure to carry out the requirements in 49 CFR Part 23, paragraph 23.43(a), shall constitute a breach of contract and, after notification of the Department, may result in termination of the agreement or contract by the sponsor or such remedy as the sponsor deems appropriate.

e. Concerning lessees, the sponsor agrees that it shall not exclude MBEs from participation in business opportunities by entering into long-term, exclusive agreements with non-MBEs for the operation of major transportation-related activities or major activities for the provision of goods and services to the facility or to the public on the facility, as set forth in 49 CFR Part 23.

37. *Equal Opportunity Clause.*

a. It agrees that it will be bound by the equal opportunity clause of 41 CFR Part 60-1.4 with respect to its own employment practices when it participates in Federally assisted construction work: provided that if the applicant so participating is a state or local government, the equal opportunity clause is not applicable to any agency, instrumentality, or subdivision of such

Government which does not participate in work on or under the contract.

b. It agrees that it will assist and cooperate actively with the FAA and the Secretary of Labor in obtaining the compliance of contractors and subcontractors with the equal opportunity clause and rules, regulations, and relevant orders of the Secretary of Labor, that it will furnish the FAA and the Secretary of Labor such information as may be required for the supervision of such compliance, and that it will otherwise assist the FAA in the discharge of the agency's primary responsibility for securing compliance.

c. It further agrees that it will refrain from entering into any contract or contract modification, subject to Executive Order 11246, of September 24, 1965, with a contractor debarred from or who has not demonstrated eligibility for, Government contracts and Federally assisted construction contracts pursuant to the Executive Order and will carry out such sanctions and penalties for violation of the equal opportunity clause as may be imposed upon contractors and subcontractors by the FAA or the Secretary of Labor pursuant to Part II, Subpart D of the Executive Order. In addition, the sponsor agrees that if it fails or refuses to comply with these undertakings, the FAA may take any or all of the following actions: cancel, terminate, or suspend in whole or in part this grant (contract, loan, insurance guarantee);

refrain from extending any further assistance to the sponsor under the program with respect to which the failure or refund occurred until satisfactory assurance of future compliance has been received from the sponsor; or refer the case to the Department of Justice for appropriate legal proceedings.

38. *Violating facilities.* It will insure that the facilities under its ownership, lease, or supervision which shall be utilized in the accomplishment are not listed on the Environmental Protection Agency's (EPA) list of violating facilities and that it will notify the Federal grantor agency of the receipt of any communication from the Director of the EPA Office of Federal activities indicating that a facility to be utilized in the project is under consideration for listing by the EPA.

39. *Flood insurance.* It will comply with the flood insurance purchase requirements of Section 102(a) of the Flood Disaster Protection Act of 1973, Public Law 93-234, 87 Stat. 975, approved December 31, 1976. Section 102(a) requires, on and after March 2, 1975, the purchase of flood insurance in communities where such insurance is available as condition for the receipt of any Federal financial assistance for construction or acquisition purposes for use in any area that has been identified by the Secretary of the Department of Housing and Urban Development as an area having special flood hazards. The phrase "Federal financial assistance" includes any form of loan, grant, guaranty, insurance payment, rebate,

subsidy, disaster assistance loan or grant, or any other form of direct or indirect Federal assistance.

40. *Historic preservation.* It will assist the Federal grantor agency in its compliance with Section 106 of the National Historic Preservation Act of 1966 as amended (16 U.S.C. 470), Executive Order 11593, and the Archeological and Historic Preservation Act of 1966 (16 U.S.C. 469a-1 et seq.) by (a) consulting with the State Historic Preservation Officer on the conduct of investigations, as necessary, to identify properties listed in or eligible for inclusion in the National Register of Historic Places that are subject to adverse effects (see 36 CFR Part 800.8) by the activity, and notifying the Federal grantor agency of the existence of any such properties, and by (b) complying with all requirements established by the Federal grantor agency to avoid or mitigate adverse effects upon such properties.

41. *Rates for Air Carriers and Fixed Base Operators.* It agrees that (A) each air carrier, authorized to engage directly in air transportation pursuant to Section 401 or 402 of the Federal Aviation Act of 1953, using such airport shall be subject to nondiscriminatory and substantially comparable rates, fees, rentals and other charges and nondiscriminatory conditions as are applicable to all such air carriers which make similar use of such airport and which utilize similar facilities, subject to reasonable classifications such as tenants or nontenants, and combined passenger and cargo flights or all cargo flights, and such classification or status as tenant shall not be unreasonably withheld by any sponsor provided an

air carrier assumes obligations substantially similar to those already imposed on tenant air carriers, and (B) each fixed base operator using a general aviation airport shall be subject to the same rates, fees, rentals, and other charges as are uniformly applicable to all other fixed base operators making the same or similar uses of such airport utilizing the same or similar facilities; provision (A) above, shall not require the reformation of any lease or other contract entered into by a sponsor before July 12, 1976; provision (B) above, shall not require the reformation of any lease or other contract entered into by a sponsor before July 1, 1975.
